COMMENTS ON EXAMINER'S REASONS FOR ALLOWANCE

Applicants recognize that, in accordance with M.P.E.P. § 1302.14, the Examiner's reasons for allowance need not set forth all of the reasons as to why the claims are patentable. In the above-referenced application, Applicants do not concede that the Examiner's stated reasons for allowance are the only reasons for which the claims are allowable. In particular, Applicants do not concede that all of the identified limitations — *i.e.*, that in respect of claims 1 and 19 “the cited prior art neither teach [*sic*] nor fairly suggest a microfluidic device further incorporating an enrichment module comprising a flow-through member and an enrichment chamber and neither an actuator structurally configured to operate in the manner as claimed” — are necessary to distinguish the prior art of record or to satisfy the requirements of 35 U.S.C. § 112. Accordingly, the claims may be patentable for other reasons. In addition, dependent claims 3, 6 – 9, 11, 12, 14 – 16, 18, 20, 21, 23 – 26, 30 – 33, and 38 – 56 are individually allowable on their own merits, and may also be allowable on the basis of a sub-combination of the recited features of the dependent claims and their respective base claims.
